College Success Skills Curriculum In One Ear & Out the Other

Cycle 2 Action Research

Participant Demographics (n = 40)

Classroom Embedded Activities
- Behavior
- Organization
- Communication
- Time Management
- Planning
- Prioritizing

Measures
- Impact of the curriculum on comfort of students with hidden curriculum
- Retention
- Success

Methods
- Student Written Journals
- Teacher Journal
- Retrospective-Pre and Post Intervention Surveys

"Class is not going well this week. The students are taking a compressed math course and the final is this week. As a result, they 'prioritized' math by not coming to English."

Week Two
"College students should be mature"
"College students need to be responsible and punctual and turn work in on time."

Week Seven
"I will truly commit to the schedules I create"
"I will prioritize my homework and spend less time with my friends"

Week Fifteen
"I need to keep track of everything in a planner"
"I will get an agenda and put things I need to do on it and remember what Romo said"

Fall 2019

Communication - The BIG Success

"Did you teach them how to do emails? I've gotten some nice emails this semester."

Amanda Ryan-Romo
Arizona State University Doctoral Student, Fall 2016 Online Cohort
Learning Center Director, East Los Angeles College, Monterey Park, CA
